

may not be in the public interest, the application may be rejected.

§ 228.61 Preference right negotiated sales.

(a) *Qualification for sale.* When applying for a preference right negotiated sale, the permittee must demonstrate to the satisfaction of the authorized officer that a suitable deposit of mineral material has been discovered within the area covered by the prospecting permit. Information concerning trade secrets and financial matters submitted by the permittee and identified as confidential will not be available for public examination except as otherwise agreed upon by the permittee.

(b) *Application for sale.* The application must be submitted to the District Ranger's office on or before the expiration date of the prospecting permit or its extension. The authorized officer may grant 30 additional days for submitting the application if requested in writing by the permittee before expiration of the prospecting permit or its extension.

(c) *Terms and conditions of contract.* The terms and conditions will be evaluated on an individual case basis. Only those mineral materials specified in the contract may be removed by the purchaser. Before a preference right negotiated contract is awarded, the authorized officer must ensure that an environmental analysis is conducted. All contracts are subject to the conditions under §§ 228.47 through 228.56.

(d) *Acreage limitations.* The authorized officer will determine the amount of acreage in the preference right negotiated sale based on a presentation of the permittee's needs. The maximum acreage allowable to any individual or group must not exceed 320 acres on National Forest lands administered by one Forest Supervisor. The allowable acreage may be in one or more units which are not necessarily contiguous.

(e) *Volume limitations.* Preference right negotiated sales are exempt from volume limitations.

(f) *Contract time allowable.* A contract or a renewal must not exceed 5 years; however, the purchaser may have renewal options at the end of each contract or renewal period. The authorized officer may renew a contract if it is de-

termined that the renewal is not detrimental to the public interest and that the purchaser has demonstrated diligence in conducting operations. The authorized officer may cancel the contract, or the purchaser may forfeit the contract, if no substantial commercial production occurs during any continuous 2-year period after the award of the contract or if the contract terms and conditions are breached. However, if a delay is caused by conditions beyond the purchaser's control, the authorized officer may grant an extension equal to the lost time.

(g) *Contract renewal reappraisal.* At the time of contract renewal, the authorized officer will reappraise the mineral material deposit in accordance with § 228.49.

§ 228.62 Free use.

(a) *Application.* An application for a free-use permit must be made with the appropriate District Ranger's office.

(b) *Term.* Permits may be issued for periods not to exceed 1 year and will terminate on the expiration date unless extended by the authorized officer as in § 228.53(b). However, the authorized officer may issue permits to any local, State, Federal, or Territorial agency, unit or subdivision, including municipalities and county road districts, for periods up to 10 years.

(c) *Removal by agent.* A free-use permittee may extract the mineral materials through a designated agent provided that the conditions of the permit are not violated. No part of the material may be used as payment for the services of an agent in obtaining or processing the material. A permit may be issued in the name of a designated agent for those entities listed in § 228.62(d)(1), at the discretion of the authorized officer, provided there is binding agreement in which the entity retains responsibility for ensuring compliance with the conditions of the permit.

(d) *Conditions.* Free-use permits may be issued for mineral materials to settlers, miners, residents, and prospectors for uses other than commercial purposes, resale, or barter (16 U.S.C. 477). Free-use permits may be issued to local, State, Federal, or Territorial
